

Visiting Policy & Management Associateship 2023-24

The Center for Public Policy, IIM Bangalore is inviting proposals from PGPPM alumni for the Visiting Policy & Management Associates program. This program allows PGPPM alumni to visit IIMB to prepare a quality paper for the Occasional Paper Series of the Center and a teaching case (with possible supervision and co-authorship from an IIMB Faculty) that either builds on their dissertation/ policy memo or can be on a new topic.

Proposals must be sent in the attached format and may be developed with prior consultation with an IIMB faculty. Candidates for Visiting Policy & Management Associates in 2023-24 will be selected on the basis of a review by an academic screening committee at the Center for Public Policy. The selected alumni will be invited to the campus for a period up to two months. The goal is to ensure that dedicated time is available to convert the proposal into a publishable paper and a teaching case. The paper will be reviewed and brought out as a Centre for Public Policy Occasional Paper.

Centre for Public Policy will pay an amount up to Rs.30,000/- to meet travel expenses against submission of bills. Accommodation facility on campus (on availability) and an amount of Rs.30,000/- per month towards board and miscellaneous expenses will be made available during the stay at IIMB. Stays shorter than a month will be pro-rated.

Those interested may send in queries and the final proposal to cpp@iimb.ernet.in.

Successful candidates will be invited to join the Visiting Policy & Management Associates Program at the Center for Public Policy, IIM Bangalore as per a mutually convenient time. Please include an updated bio with your application.
